

## MASTER BEDTIME TALE: DEEP SIX THE OPALS OR MUTINY High-Stakes Questions alpl

### STANDARD KNOWLEDGE

#### Social Sciences - Culture; Literature - Fic and Non-fic; Sciences - Geology

Sometimes rocks are gathered together for a specific purpose. They are gathered by collectors, merchants, educational facilities, scientists, engineers.

Sometimes rocks are gathered together for a purpose that involves conveying a shared meaning. For instance, people from all over the world bring rocks to Walden Pond from their own places of living. It is generally thought that their shared meaning is to ----

### QUESTION

Look at this image from Walden of people bring rocks from all over the world.

#### Culture

Why do you think they do that?

#### Culture

Assume you wanted to do that from where you are from. What rock would you bring? Why? {ACTION: Go outside a pick one to bring - write about it...)

## **MASTER BEDTIME TALE: DEEP SIX THE OPALS OR MUTINY High-Stakes Questions alpl**

### **Writing/Literature**

Imagine that these rocks were distributed all over the park.

Write an imaginative poem or story that is compelling to read

### **Science - Geology**

Imagine that these rocks were distributed all over the park. Assume that geologists didn't know about the tradition. Geologists notice that this place is very different from places in surrounding natural areas. This puzzles them.

List the steps they would go about taking to figure out this conundrum.
